- SoftClosingDoor + DoorSwitch
- Class A energy

SHARP
Be Original.

Making cleaning easier. The built-in Catalytic lining oxidises left over food residue so you can sweep clean.

Created by pro-chefs, 50 built in programs create the ultimate oven to dish experience. We have created this to make your life easier; simply press a program and let the oven do the rest: set time, temperature, and oven function.

By softening the oven dirt with steam, the VapClean function helps take the effort out of cleaning, gently steaming the inside of your oven.

Enables you to take heavy trays out safely and effortlessly from the hot oven.

The oven door closes by itself gently and quietly thanks to a special hinge

RoastPro Turnspit for all round cooking perfection. It delivers perfectly cooked whole chicken every single time.
