The smooth enamel interior helps make cleaning your oven easier.

By softening the oven dirt with steam, the VapClean function helps take the effort out of cleaning, gently steaming the inside of your oven.

Enables you to take heavy trays out safely and effortlessly from the hot oven.

The bigger the better. The large cavity makes it suitable to cook for a large family.

Taking the hassle out of keeping your oven clean, our removable inner glass oven door makes it incredibly easy to wash even in dishwasher.

Keep the heat where it needs to be. With an in-built air stream system, our ovens protect your face with an Air Curtain, keeping hot air in the oven even when you need to open the door.
