Easily adjust the position of the door trays to suit your needs.

By using independent circulation systems for the freezer and fridge frost is prevented, as are odours from one section to the next.

Does your fridge fit in a perfect spot but never quite opens ideally? By switching which side the door opens your fridge becomes part of your kitchen not an obstacle.

Ergonomically designed, to save you space in your kitchen. The doors opens flush so they fit perfectly in your kitchen space.
