Our Pyrolytic ovens mean no more scrubbing, keeping your oven sparklingly clean. Self-cleaning process is set at 480°C that turns all residue to ash which can be easily removable from the oven.

Enables you to take heavy trays out safely and effortlessly from the hot oven.

Reactive lighting so you are not using unnecessary energy. Lighting will switch off when the door is closed and inactive.

The bigger the better. The large cavity makes it suitable to cook for a large family.

Taking the hassle out of keeping your oven clean, our removable inner glass oven door makes it incredibly easy to wash even in dishwasher.
