

Vacuum Cleaners

# SA-VP1551BR

## Highligths

- 2-in-1 Cordless multi-use handstick vacuum cleaner with Inverter motor. Convenient operation and precise cleaning Clean your home thoroughly with the cordless upright vacuum cleaner. You can easily vacuum both hard floors and carpets. Thanks to its practical nozzles, you can remove dirt from hard-to-reach nooks and crannies, such as ceiling corners, blinds and sofas.
- AnimalJet motorised turbo-brush with LED lighting
- Handy nozzles for different surfaces
- Long operating time and quick battery charging
- Up to 60 minutes\* of uninterrupted cleaning
- Convenient adjustment of the telescopic tube – 7 levels to extend the reach and make cleaning comfortable
- Vertical parking position - ergonomic design

**SHARP**  
Be Original.

- Reliable inverter motor Various operating modes: carpet, floor, max mode
- Removable lithium-ion battery
- 4-stage filtration captures 99.5% of dust, pollen and bacteria

High quality 24V lithium-ion batteries Easy of battery exchange  
Possibility of extension operation time up to 120 min with additional battery (sold separately by authorised service partner).

The vacuum cleaner does not need a stand and will remain upright wherever you leave it. You don't need to bend down to grab it every time you want to take a break from cleaning. The standing position also makes it easier to store the vacuum cleaner in a wardrobe or a closet. If you prefer, you can hang the device on a special wall-mounted holder.

Two additional nozzles in the set will make it easier to clean hard-to-reach places such as any corners or elements of upholstered furniture. The flexible bristle of the 2-in-1 nozzle easily and efficiently removes dust and dirt.

Different needs require different options of cleaning. The latest generation of lithium-ion batteries 24V and advanced brushless motor give you up to 60\* minutes of cleaning time in normal mode, and 14 minutes in turbo mode, before you need to recharge.

The brushless motor guarantees a quiet operation of the device. Owing to its design, it is extremely durable and reliable. Regardless of the surface that needs to be cleaned, vacuum cleaners with an inverter motor have high suction power and are very efficient.

You can easily adjust the length of the tube to your height and set it at one of the seven levels of adjustment from 890 to 1100 mm. You can also set the length of the tube to thoroughly clean all hard-to-reach places. Easy cleaning corners under the ceiling with the telescopic tube with the click-type mechanism the device and accessories are firmly connected when in use.
