SHARP
Be Original.

Keep your children safe from accidentally using the microwave with the easy to set up Child Lock.

If your fridge door is left open too long it will let you know, saving your food and your energy bills.

Sharp want to make sure your bills are low, the energy usage is little but your food is always fresh. The Eco Mode does just that.

When you go on a break so does your fridge. Holiday Mode allows your fridge to use less energy while running at a constant ten degrees.

The fridge will always look after you by letting you know if it has experienced a loss of power and therefore if the food inside has potentially spoiled.

The fridge should be a cool place, but at Sharp we like to make things Super Cool meaning that things get cold much, much quicker.
