

Air Purifier

KC-G50EU-H

Highligths

- An unique combination of air treatment technologies. Triple filtration system with Plasmacluster and Coanda effect Air Flow.
- High Density of air-purifying Plasmacluster ions (25 000 ions / cm³). The higher the PCI density is, the more effective PCI has.
- Plasmacluster Ion Spot mode
- Auto Louver for Clean and Efficient Air Circulation (Front & Top)
- Max airflow capacity without humidifying 306 m³/h and Humidification capacity 450 ml/h
- Quiet operation (19dB(A))
- Pre-Filter + HEPA/Deodorizing/Humidifying filters- Up to 10 years usage after opening.
- Dust (Sensor detection sensitivity)/Odor/Humidity/
- AUTO Mode: INTELLIGENT mode/Plasmacluster ion SPOT/Clean Air Humidify; Fan Speed (5) incl. AUTO & Pollen; Child lock; ON/OFF Timer

SHARP
Be Original.

Temperature/ Motion/ Light sensors

- PM2.5 display; Cleanless /Humidity/Temperature/ Timer Monitor, Light indication:
Plasmacluster/Patrolling/Odor/Dust Humidity; Display level: Wattage/Temperature/Humidity; Humidifying filter clean

A special programme that when used will rid the room of allergens like dust and pollen for those of a more sensitive nature.

The display on Sharp air purifiers show detailed information about the level of pollution and humidity in the room.

Sharp air purifiers have a higher than average air flow meaning they clean your air quickly and efficiently.

Due to the low sound levels in combination with a display that can be switched off, Sharp air purifiers are perfect for use in the bedroom, which provides clean air throughout the night while letting you sleep peacefully.

Sharp's smart, patented system helps remove bad odours, allergens, bacteria, 99% of viruses and even dust mites in the air to penetrate the whole room including behind furniture and make sure your house always has a breath of fresh air.

By accurately measuring humidity, dust, smell and temperature in a room Sharp air purifiers keep the air clean by adjusting automatically.

More Features

Key Features

Colour	Charcoal gray
Floor space	38
Applicable floor space (without humidifying)	38
Inverter operation	Yes
Air purification system	High-density PCI generator and fan
Humidifying (mist) function	Yes
Max airflow capacity without humidifying	306
Plasmacluster ion modes	Yes
Fan speeds	6 (Max / Med / Low, Sleep, Pollen, Intelligent)
Adjustable louvres	Yes
Timer	Yes
Noise level in cleaning mode (high / med / low)	52 / 47 / 19

Other features

Child Lock	Yes
Dust level indicator	Yes
Light	Yes
Motion	Yes
Clean Ion shower	Yes

Spot (PCI)	Yes
Pollen	Yes
Intelligent mode	Yes
Patrolling Function	Yes
Automatic operation based on sensors	Yes
Start delay	Yes
Shot off delay	Yes
Display	Yes
Clean sign indicator	Yes
Display ON/OFF button	Yes
Plasmacluster indicator light	Yes
Water tank indicator	Yes
Dust monitor - Other Features	Yes
Pre-filter	Yes
Deodorization	Yes
Humidifier's filter	Yes
True HEPA filter	Yes
Filter life: HEPA, Active Carbon filter	Up to 10 years
Humidifier's filter life	Up to 10 years
Voltage / Frequency	220-240 V / 50/60 Hz

Standby power (W) 0,6

Dimensions and Weight

Measures (W x D x H) 345 x 262 x 631

Weight 9,2

Humidifying function Yes

Max humidifying capacity 450

Tank capacity 2,5

European Article Number

EAN Code 4974019116419

Filters

Type Air Purifiers with humidifying function

Application Medium room

Sensors

Odor Yes

Dust Yes

Temperature Yes

Humidity Yes

Sensitive adjustment Yes

PM 2.5 filtration Yes
