Highligths

- 15 Place Settings
- 3 Racks
- 6 Programmes
- E Energy Efficiency
- Integrated 60cm
- Quick 30'
- Turbo Drying
- 9 L Water Consumption

Program your dishwasher so that it starts at a time that suits you.

For those times when you only have half a load but need it done the Eco Wash allows you to select either the top or bottom half of the machine to be cleaned.

When time is of the essence this program does the dishes in 50 minutes at 60°c.

When you have to fit every dish, glass, fork and pot into one load these machines can cater to even the largest of families or dinner parties.

Sharp machines like to keep you informed of everything that is going on within them with an easy-to-read set of displays.

By washing at high temperatures this program, which has been internationally approved by the German Test Institute, kills 99.99% of bacteria. Perfect to protect babies and those with allergies.
