SHARP
Be Original.

Keep your children safe from accidentally using the microwave with the easy to set up Child Lock.

By using independent circulation systems for the freezer and fridge frost is prevented, as are odours from one section to the next.

When nothing but shiny will do, our anti-fingerprint coating helps keep your oven looking good as new.

If your fridge door is left open too long it will let you know, saving your food and your energy bills.

Does your fridge fit in a perfect spot but never quite opens ideally? By switching which side the door opens your fridge becomes part of your kitchen not an obstacle.

This advanced air flow distribution circulates the cold air through the whole fridge meaning that no food is exposed to direct cold air which can dry food out.
