SHARP
Be Original.

Keep your children safe from accidentally using the microwave with the easy to set up Child Lock.

This smart little device cleans the air as it flows over to remove any nasty smells that may be lurking in your fridge. No more wafts of strong cheese to stink out your other food.

If your fridge door is left open too long it will let you know, saving your food and your energy bills.

When you go on a break so does your fridge. Holiday Mode allows your fridge to use less energy while running at a constant ten degrees.

By cooling the fridge from the rear panel of the Hybrid Cooling System food is not exposed to direct cold air meaning it is cooled gently. Say goodbye to dried out vegetables.

Get your fridge and freezer cooler quicker all by using less energy and a quieter system for as little interference in your home as possible.
