# Premium Features

## Summary

### AutoDoor

This technology opens the door at the end of the washcycle to assist the drying process, saving energy.

### DualProWash

Helps tackle the dirtiest of pans in the bottom, while taking care of your delicate glasses in the top.

### EcoBox

This green innovation recycles the final rinsing water to use in the next wash, reducing water consumption.

### EcoWash

Our machines come as standard with half-load Eco-Wash technology, helping to save time, energy and money.

### Express 50'

Delivering top washing quality in just 50', this program is the ultimate in efficient dishwashing.

### Easy Tray

This ingenious little tray allows you to load and unload all your cutlery while also saving space in the machine.

## Hygiene

A special filter and a range of hygiene programs help Sharp dishwashers fight harmful bacteria.

## IntelliWash

Intelligent sensor technology measures the soil level to auto-optimize cleaning performance.

## QuickWash

Cleaning dishes in a 4 place setting capacity dishwasher in 14 minutes.

## SteamWash

Making light work of stubborn dishes, Sharp SteamWash cleans baked-on food in a flash.

## SuperQuiet

Whisper quiet, this dishwasher can wash in near silence with only 39 dBA sound level.

## AquaStop

The flood busting Aquastop hose shuts off the water supply in the event of a leak, limiting damage to your home.

## Foldable Lower Racks

Pots and pans can be washed with ease thanks to these foldable lower rack wires.

## Foldable Upper & Lower

No need to struggle to get everything in, our machines have adjustable racks to fit in all your dishes, glasses, pots and pans.

## 10yr Motor Warranty

Our Advanced Inverter Motor delivers superior efficiency and quieter operation, all backed by a 10yr parts warranty.

## EcoWash

Provides the independent usage of upper and lower baskets within load options, saves energy and decrease water consumption.

## ExtraDry

Provides extra drying with turbo fan for 10-20 minutes (depends on the selected program).

## ExtraRinse

Adds an extra rinse step to achieve more hygienic washing. Program duration is increased 5-10 minutes and water consumption is increased 3-4 liter according to the selected program.

## ExtraSilent

With less motor speed and more washing time it provides extra silent wash.

## ExtraFast

Decreases program duration while increasing water temperature and pressure to ensure higher washing quality in a shorter duration.

## ExtraHygiene

Increases water temperature at final rinse step in order to eliminate bacteria and provides maximum hygiene.

## EnergySave

A technology that makes the drying process more efficient. Auto Door opens the door of the dishwasher during the drying process automatically and by this way the hot air goes out of the dishwasher by itself.

## Hygiene Program

Our special Hygiene programme ensures maximum hygiene with high temperature washing. The special hygiene programme that eliminates **99.9999%** of all bacteria is tested and approved by International German Test Institute of VDE. For further protection, all Sharp dishwashers come fitted as standard with an advanced Antibacterial Filter, helping to protect the family.

## AntiBacterial Filter

Red antibacterial filter helps to provide hygiene in order to protect family. Special treatment helps reduce bacterial growth, odours and mould in the filter.

## SteamWash Program

In the most appropriate moment the heater increases the water temperature up to around 70°C. Steam is created inside and softens up the soil from pots and pans to fragile glasses for about ten minutes. Dishes are gently sanitized at the same time. After this treatment the dirt is quickly and easily removed. High temperature and directly applied steam ensure perfect hygiene and gentle cleaning for dishes. Steam wash is more hygienic, healthier and clean perfectly every kind of soil.

## AquaGlide

AquaGlide provides deep precision multidirectional targeted cleaning with pin-point accuracy. The spray can be directed upward for effective wash of glasses and baby bottles or downward to achieve extra strength wash in the dishes below.

## WaterBlade

WaterBlade technology delivers a truly immersive powerful clean with two additional spray arms that can work both together with the main spray arm or individually.

# Advanced Inverter Motor

Superior efficiency, reduced noise levels and a longer lifetime backed by a **10 year motor warranty** are all delivered with our **Advanced Inverter Motor** making doing the laundry a pleasure rather than a chore.

Lower energy consumption

Increased reliability

Reduced noise

Longer lifetime

Lower water consumption

## 10 year Warranty Conditions

- ✓ 10 year warranty on the Advanced Inverter Motor
- ✓ Customer warranty registration within 30 days of purchase
- ✓ Terms and conditions apply
- ✓ Claims due to customer misuse are excluded

## EcoBox

EcoBox technology delivers the Worlds Lowest Water Consumption for 14 place settings with just 5.4 liters of water use.

The working principle of EcoBox is based on getting the last clean cycle rinse water, filtering it to avoid any particles and saving it in an isolated box to use in the first cycle of the next wash.

## AutoDoor

AutoDoor is a technology that increases drying efficiency by opening the door of the dishwasher at the end of the cycle to release hot air.”

## Dual Pro Wash

By using Advanced Inverter Motor technology on the circulation pump, Dual ProWash Dishwashers can tackle the dirtiest of pans in the bottom, whilst taking care of your delicate glasses in the top basket. Variable pump pressure helps to minimise noise levels, helping to maintain peace and quiet in the kitchen.

## IntelliWash

IntelliWash uses smart technology to intelligently measure the levels of turbidity in the water, providing maximum performance by applying the optimum washing temperature and time according to the amount of soil.

Turbidity

Water Temperature

Program Time

Wash Performance

## 39dBA Sharp SuperQuiet *Dishwasher*

Whisper-quiet, our Super Quiet dishwashers can operate at a barely audible 39dBA.

Circulation pump Advanced Inverter Motor technology, a specially designed cabinet and advanced sound insulation allow our dishwashers to perform without making a noise.

# Drying Systems

**2 different types of drying systems on dishwashers;**

## **Active Drying**

Better drying performance with the help of the big size and condensation channels places inside of the drying unit. It improves the drying efficiency up to %10 better than standard drying.

## **Turbo Drying**

Best drying performance with the help of electrical fan motor at the end of the condensation unit. It helps the moist air to escape with the %18-19 better drying efficiency.

\* The values above are the values obtained under laboratory conditions and with the same algorithm

# SHARP

Home

## Sharp Home App

Thanks to Sharp Home App, it is now much easier to do daily routine tasks! You can control and monitor the devices and use smart functions. Sharp connected products and Sharp Home app are working together to make life more comfortable.

**Remote Control:** Sharp Home App connects you to the Sharp products. You can manage

and monitor your smart devices easily anytime from wherever you are.

**Notifications:** The app sends notifications to you about the program status and device/usage errors. For instance, “The cooking program finished” information invites you to enjoy your meal, and the “The refrigerator door is open” message reminds you to close

Please check the WiFi icon for smart availability for each product.

the door in order to minimize energy losses.  
Delay Timer: It helps you to plan your daily routines. The devices will work according to your pre-arranged settings. Set the time and let the app manage the devices.

Recipes: You can discover various recipes from local to fusion cuisine.

Demo Mode: Even if you don't have a Sharp

product, you can still experience Sharp Home App through demo mode. Try and see how the app is designed helpfully!

Visit [sharphomeapp.com](http://sharphomeapp.com) for more information.

# AntiBacterial Filter

## of your Sharp Dishwasher

Clean dishes and utensils are important to family health. Over time, bacteria can build up from previous cycles.

All SHARP dishwashers come fitted as standard with an advanced Antibacterial Filter, helping to protect the family and ensuring maximum hygiene. Antibacterial Filter effectively reduces bacterial growth on the filter (%99,9\*).

Antibacterial Filter keeps your dishwasher clean and helps to reduce odours left behind from residues.

\*According to accredited test laboratory report, filter eliminates the specific bacteria (Staphylococcus aureus, Escherichia coli).

Antibacterial filter contains biocidal active substance as zinc pyrithione (CAS No: 13463-41-7).
