# Washing Machines

# Premium Features

## Summary

### ThermoJet

An eco-champion, ThermoJet by Sharp delivers ultra low energy and water use with fast washing times.

### DoubleJet

Twin nozzle technology fires water and detergent to the center of the drum, decreasing energy and water use.

### WaveCabinet

Special Wave design on the cabinet provides greater stability, lowering vibration and noise.

### AquaBall

Standard across the Sharp range, AquaBall is a special valve mounted between the tub and drain pump which prevents detergent waste, significantly reducing laundry costs.

### AllergySmart

Endorsed by Allergy UK, Allergy Smart program is designed to combat commonly found allergens and bacteria.

### Aquastop

The flood busting Aquastop hose shuts off the water supply in the event of a leak, limiting damage to your home.

### StainTypeSelection

By tackling up to 22 different types of common stains, this technology helps ensure perfect washing results.

### BubbleDrum

The specially design drum pattern helps look after delicate clothes even at higher spin speeds.

### Advanced Inverter Motor

Superior efficiency, reduced noise levels and a longer lifetime are all delivered with our Advanced Inverter Motor.

## EcoLogic

Sharp machines come as standard with half-load Eco-Logic technology, helping to save time, energy and money.

## NightProgram

Helping you get a good night sleep, this clever program delays the last spin by up to 10 hours.

## Memories

Having found your ideal wash settings Memories lets you save it at the push of the button for the next time you need it.

## 39 dBA Most Silent Wash

The most silent Washing Machine which has also world record at noise level, offers you more tranquillity and peace. You can also wash your laundry without disturbing anybody.

## AntiBacterial Material

Sharp helps to safeguard you & your family. Specially coated material on our washing machines is designed to offer protection from harmful bacteria.

## Connectivity

Wifi connected SHARP Smart Washing Machines allow remote control operation and programmeme monitoring via a handy app.

## IntelliDos

The Load and Dosage Sensor calculates the wash load and automatically adjusts the time and required detergent.

## Drum Cleaning

Say goodbye to those strange laundry smells. This high temperature wash will kill bacteria and leave you drum smelling fresh and looking clean.

## Eco Timer

Off peak energy tariffs make things cheaper to run. The Eco Timer lets you tell the machine exactly when you want it to be active saving you on energy bills.

## Finish Time

Don't let the laundry dictate your day, set a time you want it to finish and the machine will start with that end time in mind, meaning it fits into your timetable, not the other way round.

# DoubleJet

Directly injects water with detergent onto laundry using a re-circulation pump system and two nozzles connected to it. Saves energy, water and time - hence money.

Better Rinsing Performance

Lower Energy Consumption

Lower Water Consumption

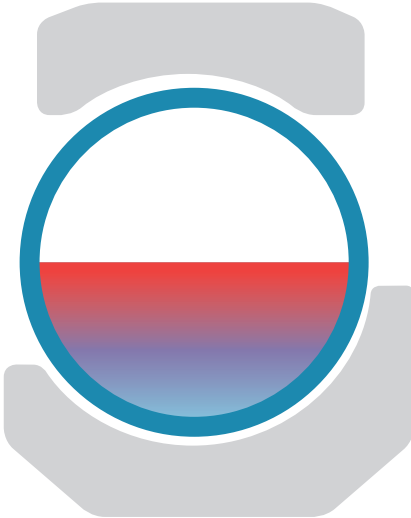

Better Washing Performance

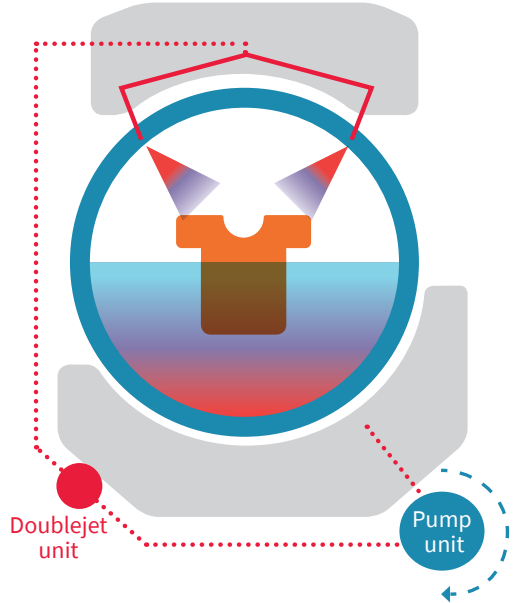

Shorter Programme Duration

*Conventional System*

*Doublejet System*

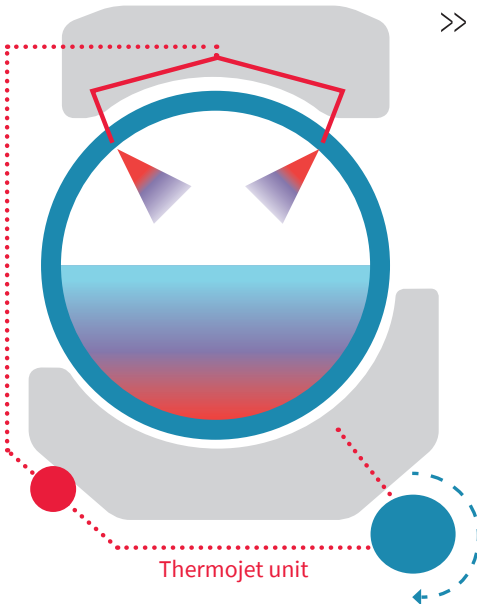

# ThermoJet

Higher temperature can be achieved in a shorter time by heating the water during the circulation process.

Thermojet System

## >> Major Advantages

Lower Energy Consumption  
Lower Water Consumption  
Shorter programme Duration

**70%**  
energy  
save

**25%**  
water  
save

*Only available in Sharp machines  
this unique system delivers class  
leading energy efficiency and  
allows you to choose between  
energy and time saving options.*

# WaveCabinet

The specially designed cabinet increases the rigidity of the machine and in the process reduces noise levels creating a stylish and practical solution.

## Bubble Drum

Washing Machines are not just about getting clothes clean but also looking after them to give them a longer life. The Bubble Drum is designed to be as kind to your clothes as possible while still getting them brilliantly clean.

# Allergy Smart

Special Algorithm provides complete hygiene **%99,9**  
Reduce common allergens and bacteria

## Allergens

House Dust Mite  
Cat allergen  
Dog allergen  
Live House Dust Mite  
Pollen  
Fungi

## Bacterias

Escherichia coli  
Enterococcus faecalis  
Staphylococcus aureus  
Staphylococcus saprop

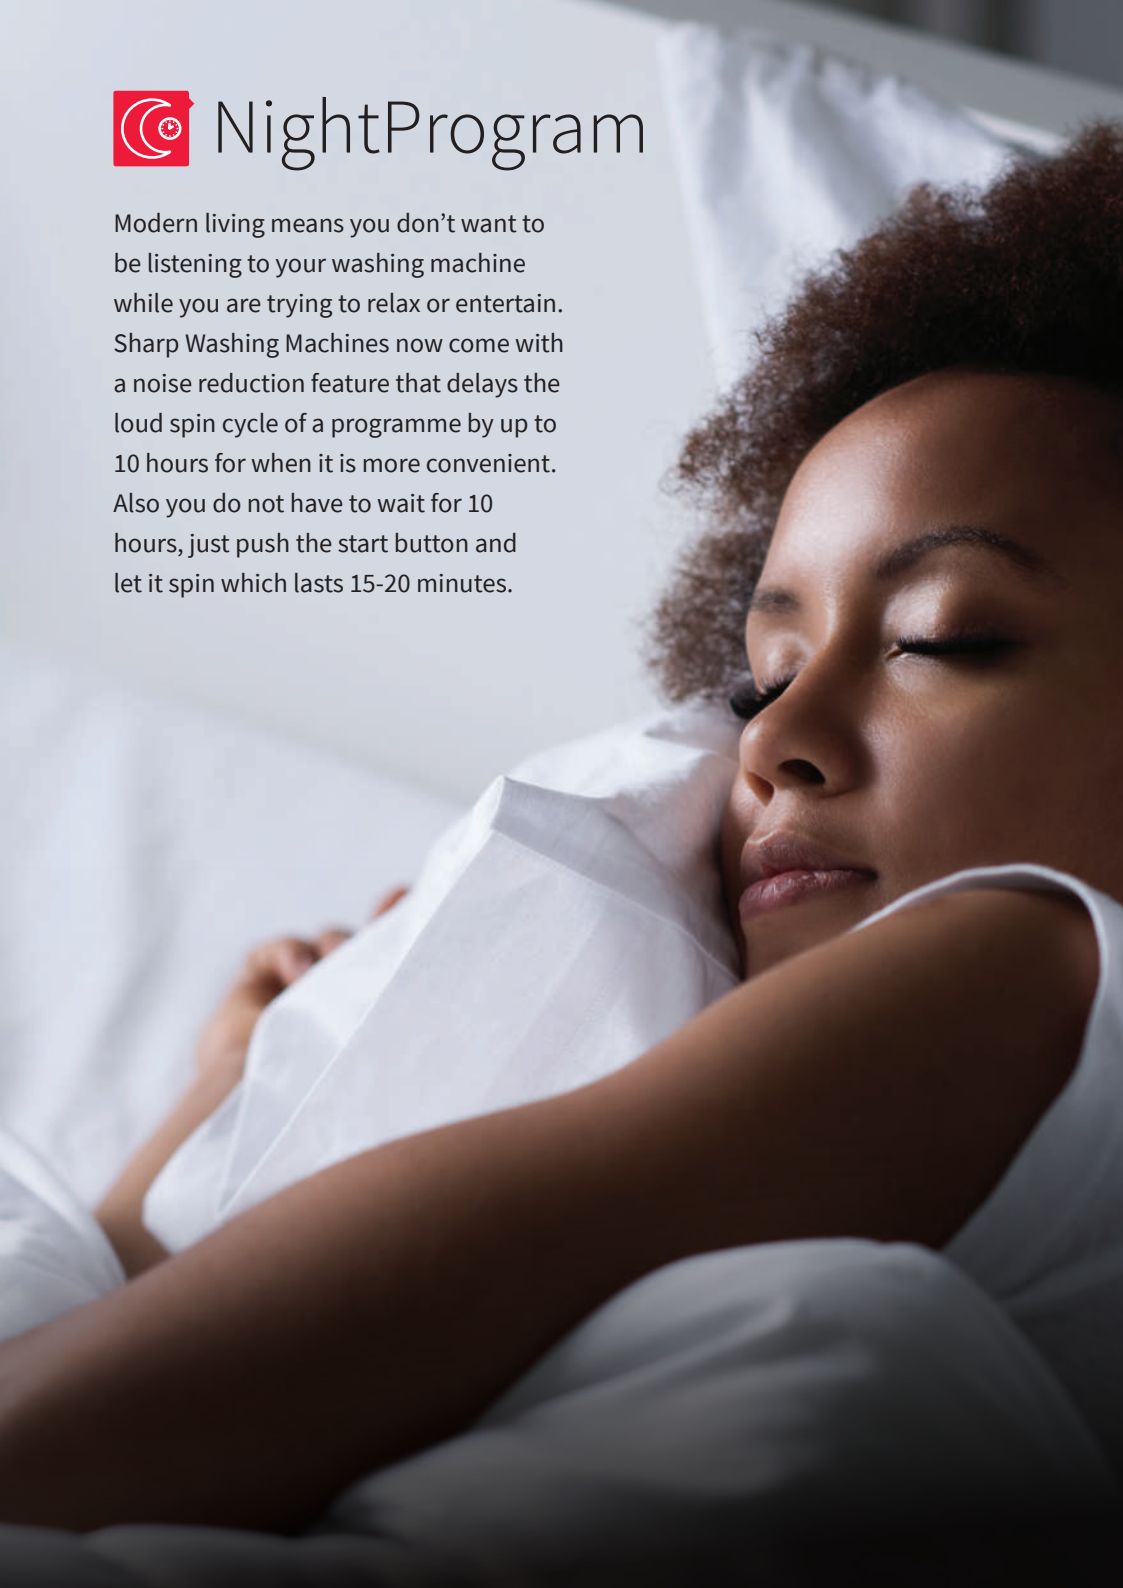

Awarded «Seal of Approval» by Allergy UK, which is a reputable foundation that had been established in order to support approximately 21 million allergy patients in England.

# NightProgram

Modern living means you don't want to be listening to your washing machine while you are trying to relax or entertain. Sharp Washing Machines now come with a noise reduction feature that delays the loud spin cycle of a programme by up to 10 hours for when it is more convenient. Also you do not have to wait for 10 hours, just push the start button and let it spin which lasts 15-20 minutes.

# Giant Door

51 cm door diameter will add an unique laundry experience.

## Stain Level Selection

User selectable stain level settings ensure the optimum wash performance for the level of soiling.

\*When stain level is selected, main wash algorithm can be changed and/or additional rinse step can be added to the algorithm. Also, programme duration is updated. In this way, most efficient washing process is applied to stain level.

## Stain Type Selection

At Sharp we are all about getting your clothes as clean as possible, that is why we have no less than 22 specifically designed programmes to rid your clothes of tough to remove stains including oils, sauces and coffee. No longer do you need repeat washes or rinses.

- |            |              |
|------------|--------------|
| Mixed      | Sweat        |
| Cuff Grime | Grease /Oil  |
| Blood      | Egg          |
| Coffee     | Tomato       |
| Chocolate  | Sauce        |
| Mud        | Baby Food    |

| Lip Stick  | Tea          |
| Make up    | Collar Grime |
| Deodorant  | Ice Cream    |

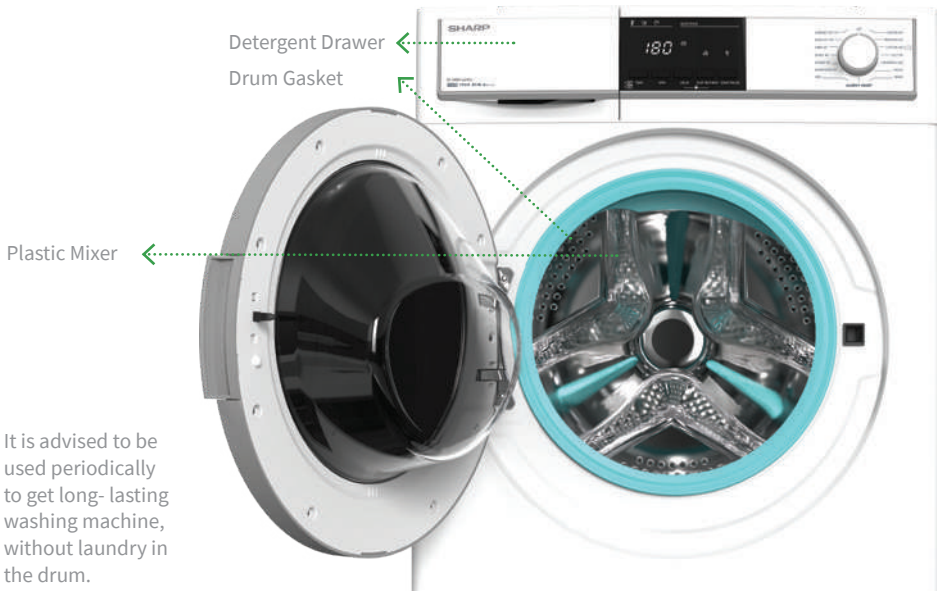

# Anti-bacterial Material

\*Compliant with ISO 22196 standards for measuring performance of anti-bacterial treated plastics; E. coli and S. Aureus bacterias.

# Drum Cleaning

Deep cleaning for your washing machine with specially designed program to remove rust, cloth fluff, detergent residuals and bad odor, helping to protect the family from harmful build-up of bacteria.

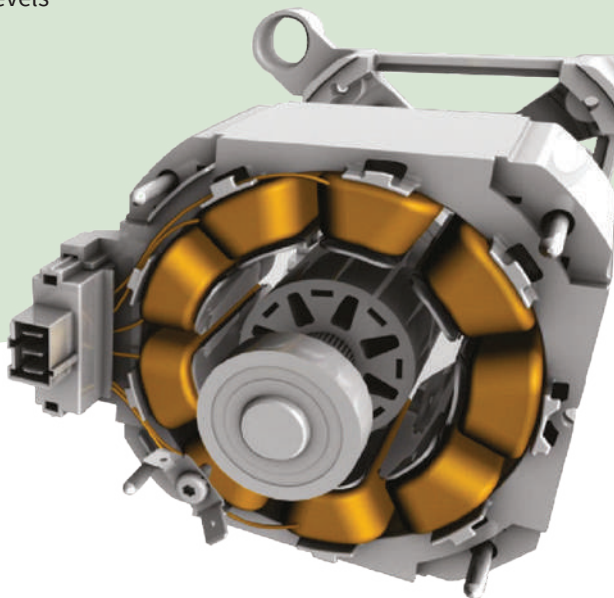

# Advanced Inverter Motor

Superior efficiency, reduced noise levels and a longer lifetime backed by a **10 year motor warranty** are all delivered with our **Advanced Inverter Motor** making doing the laundry a pleasure rather than a chore.

- ✓ Customer warranty registration within 30 days of purchase
- ✓ Terms and conditions apply

Lower energy consumption

Increased reliability

Reduced noise

10 YEARS WARRANTY

Longer lifetime

Lower water consumption

## Eco Logic

Available on all Sharp Washing Machines, a sophisticated eco-logic system detects when the machine is half-loaded, so energy consumption can be automatically reduced by up to 50% and water consumption and programme durations are decreased, saving time, energy and money.

## Aquaball

Standard across the Sharp range, Aquaball is a special valve mounted between the tub and drain pump which prevents detergent waste, significantly reducing laundry costs.

Without it about **30%** of powder goes directly to pump.

With Aquaball installed almost **100%** of powder remains in tub.

# Jog Dial

*New T Series Knob & Jog Dial*

Red Knob Index

New T Series Jog Dial

There are 15 LED indicators indicates which flashes with selected programme around the knob. Thanks to these indicators no one could choose wrong programme by mistake anymore.

## IntelliDos

*Washing Machine Project*

### *Easy to use*

No need to add detergent and softener before each washing period.

### *High Capacity*

20 washes with one filling.

### *Sensitive Control*

Sensitive detergent / softener levelling according to the selected programme and detected amount of the laundry.

# Steam Function

of your Sharp Washing Machine

**Hygienic!**

**Refresh!**

**Gentle Cleaning!**

## For which programs can we use Steam option?

✓ If the model has, Steam option can be active in all programs.

## What is the algorithm of Steam option?

✓ There is a steam session at the end of program.

✓ After Steam selection, there is 26 minutes program duration increasing. In this process, steam is obtained intermittently by activating the heater. Heater is active for the 4.5 minutes.

✓ There is no change in the washing temperature. There is only temperature increasing at the end of the program.

Applicable for T Series washing machine models

Steam generation with existing heater

## How can we obtain more hygienic laundry with Steam?

✓ Steam offers more hygienic washing and reduction of bacteria with the high temperature. Usage of Steam with Allergy Smart program will increase this hygienic effect.

## What's more with Steam?

✓ In addition to the being hygienic, Steam also provides easy ironing laundry. Moreover, it is refreshing.

## Sharp Home App

Thanks to Sharp Home App, it is now much easier to do daily routine tasks! You can control and monitor the devices and use smart functions. Sharp connected products and Sharp Home app are working together to make life more comfortable.

**Remote Control:** Sharp Home App connects you to the Sharp products. You can manage

and monitor your smart devices easily anytime from wherever you are.

**Notifications:** The app sends notifications to you about the program status and device/usage errors. For instance, “The cooking program finished” information invites you to enjoy your meal, and the “The refrigerator door is open” message reminds you to close

Please check the WiFi icon for smart availability for each product.

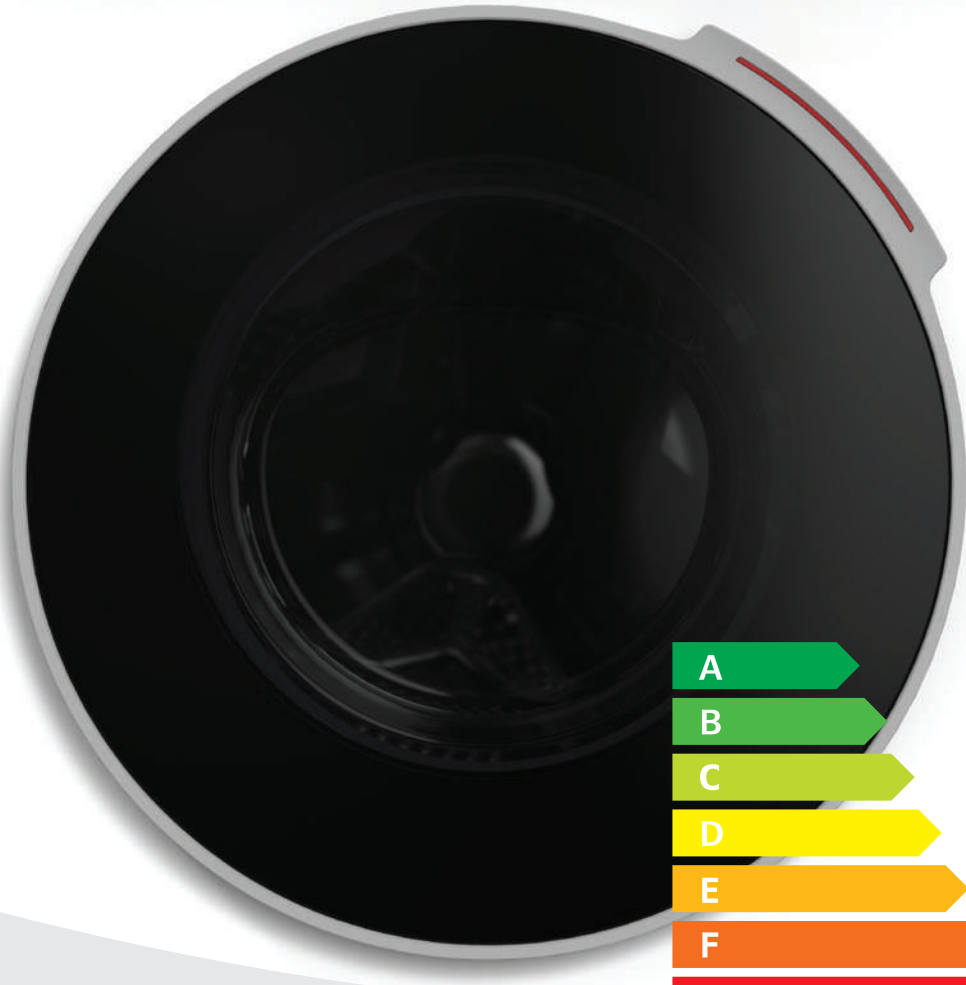

the door in order to minimize energy losses.  
Delay Timer: It helps you to plan your daily routines. The devices will work according to your pre-arranged settings. Set the time and let the app manage the devices.

Recipes: You can discover various recipes from local to fusion cuisine.

Demo Mode: Even if you don't have a Sharp

product, you can still experience Sharp Home App through demo mode. Try and see how the app is designed helpfully!

# Eco Friendly Function of your Sharp Tumble Dryer

Eco-Friendly

Time and Energy Efficient

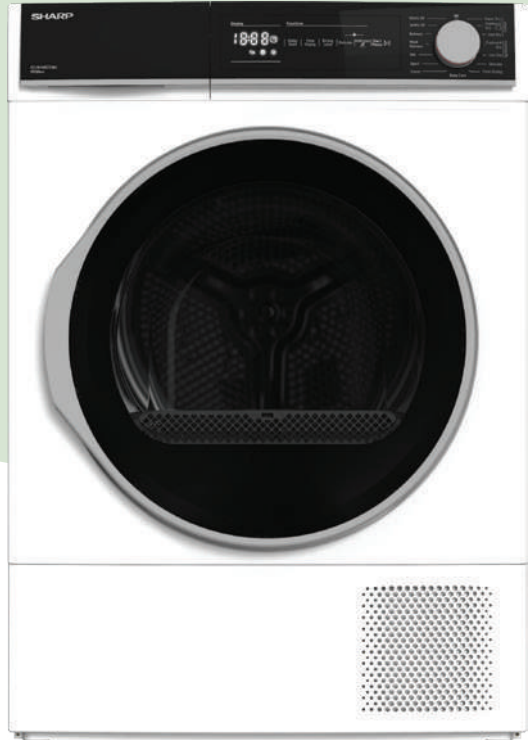

Sustainable

User Friendly

Being eco-friendly is becoming more and more important. Eco-friendly products are crucial for a sustainable future and promote green living that help to conserve energy and also prevent air, water and noise pollution. SHARP heat pump tumble dryers work in an eco-friendly way in addition to have easy-to-use features.

Offering energy ratings of up to A+++, the SHARP heat pump tumble dryers are efficient, not only recycling hot air, but also utilizing R290 as refrigerant to ensure an exceptionally eco friendly performance.

# Premium Features

## *Laundry Care Programs*

| <b>Program</b>                | <b>Program Details</b>  |
|-------------------------------|---|
| Delicate                      | Delicate program is used for delicate blouses, silk textiles. By applying lower temperature, delicates are treated carefully.     |
| Baby Care                     | Baby program is used for cotton baby laundries which need delicate care at low temperature.                                       |
| Denim                         | Denim program is suitable for thick denim pants, skirts or jackets and can be used as half load.                                  |
| Sport                         | Sports program is used for synthetic sport laundries like shorts, t-shirts at a low temperature.                                  |
| Mix                           | Mix program is suitable for both cotton and synthetic laundries to make ready to wear.  |
| Wool Refresh                  | Wool refresh helps wool textiles to remove excess water after washing by applying low temperature and gentle movements of drum.   |
| Refresh                       | Refresh program can be used for removing bad odors like smoke and helps to refresh laundries by passing cold air inside the drum. |
| JetDry 29' (34 for Heat Pump) | JetDry 29' is suitable for drying 6-8 shirts in 29 minute and prepare for ironing.  |
| Shirts 12' (20 for Heat Pump) | Shirts 12' is suitable for drying 2-3 shirts in 12 minute and prepare for ironing.  |

# Premium Features

## *Laundry Care & Less Wrinkle*

*Bubble Drum Design  
For Gentle Drying*

*Special Designed Lifter  
For Less Wrinkle*

*Special Algorithms  
For Uniform Drying  
and Less Crease*
