AESTHETICS***

**SHARP**

# Premium Features

Easy To Clean

**Easy to Clean Enamel:** The smooth enamel interior helps make cleaning your oven easier.

Family Size Cavity

**Family Size Cavity:** The bigger the better. The large cavity makes it suitable to cook for a large family

Catalytic Cleaning

**Catalytic Cleaning:** It is easy to clean and time saving: the catalytic liners work when the oven is heated to 220°C and residue is oxidized

Vap Clean

**VapClean & VapClean+:** By softening the oven dirt with steam, the VapClean & VapClean+ functions help take the effort out of cleaning, gently steaming the inside of your oven

Pyrolytic Cleaning

**Pyrolytic Cleaning:** Our Pyrolytic ovens mean no more scrubbing, keeping your oven sparkling clean. Self-cleaning process is set at 480°C that turns all residue to ash which can be easily removable from the oven

Active Cool

**ActiveCool:** ActiveCool technology keeps the door temperature safe even when self-cleaning. The 4 glass panel door ensures the outside surface remains cool, even at pyrolytic temperatures (480°C)

# Premium Features

Love2Cook Control Panel

Colour LCD

**Love2Cook:** While containing 150 autocooking programs, colourful 4,3" knob control TFT LCD display with Wi-Fi connectivity enabling remote control

150 Autocooking Recipes

50 Autocooking Recipes

**Autocooking Programs:** Created by pro-chefs, 50-150 built in programs create the ultimate oven to dish experience. We have created this to make your life easier; simply press a program and let the oven do the rest: set time, temperature, and oven function

Power Boost

**PowerBoost:** Getting your food off to a flying start. It reduces the preheating duration by 50%, helping you to save time and energy

Roast Pro Turnspit

**RoastPro Turnspit:** RoastPro Turnspit for all round cooking perfection. It delivers perfectly cooked whole chicken every single time

Roast Pro Probe

**RoastPro Meat Probe:** Perfection temperature of your meat and make sure it is cooked to you like. Simply by using the sensor you can control the core. The ultimate cooking control gets your meat just the way

Telescopic Rails

**Telescopic Rails:** Enables you to take heavy trays out safely and effortlessly from the hot oven

# Premium Features

Soft Closing Door

**SoftClosing Door:** The oven door closes by itself gently and quietly thanks to a special hinge

Door Switch

**DoorSwitch:** It provides better vision by turning lighting on when the oven door is open and energy saving by turning off lighting when it is closed and inactive

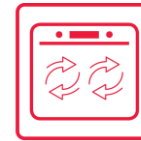

Remove & Wash

**Remove&Wash:** Taking the hassle out of keeping your oven clean, our removable inner glass oven door makes it incredibly easy to wash even in a dishwasher

Steam Assisted

**SteamAssisted:** Enables you to take heavy trays out safely and effortlessly from the hot oven

AirCurtain Technology

**AirCurtain:** When oven door is opened during cooking, it creates an air stream between control panel and oven bottom panel.

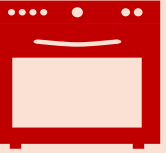

AirStream Technology

**AirStream:** There are 2 function fans in the oven cavity which operate to create hot air stream and distribute the heat evenly through the cavity.

# Premium Technology

## AquaBoost Oven

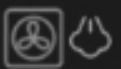

### Key Features:

- Available in 75lt. standard single built-in oven platform
- Can be activated with the poured water into the form on the oven cavity base.
- Pyrolytic enamel coating inside the cavity
- Several different cooking functions are available with steam icon

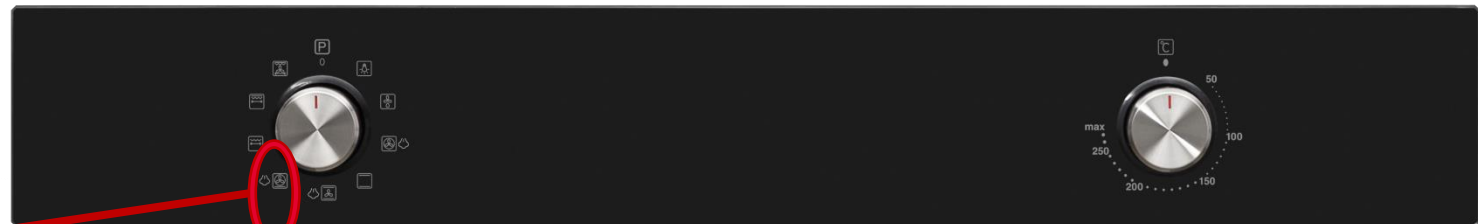

Pour the water into the chamber

1

2

Select any function with Steam Icon

**SHARP**

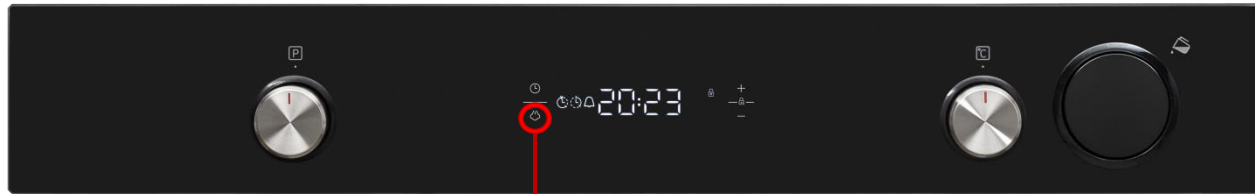

# Premium Technology

## AquaBoost+ Oven

### Key Features:

- Available in 75lt. standard single built-in oven platform
- Water tank can hold up to 300 ml of water.
- Can be activated with any cooking function by just pressing to the touch steam icon on the control panel.
- Pyrolytic enamel coating inside the cavity
- Control the timing and amount of water flowed to the form on the cavity base

2

Activate the steam icon by touching

1

Pour the water inside the water tank

3

Water to reach to bottom of the cavity

# Premium Technology

## Steam Assisted

### FUNCTIONALITY

Steam Assisted

**Steam Assisted Cooking: Manual or auto added moisture** (thanks to a water tank with push-pull mechanism and to a steam generator).

**VapClean Plus: Steam cleaning** programme to **soften the oven dirt**. The oven generates steam with water from the tank.

### BENEFIT

**Optimum baking and roasting results**  
*(crispy & browned outer surface, juicy inside; the oven adapts steam quantity to the chosen autocooking program)*

+ **Fresh steam** *(the steam generator is outside the cavity)*

+ **Easy to clean**

# Premium Technology

## AirStream

### FUNCTIONALITY

**Two Fan Structure:** There are 2 function fans in the oven cavity which operate to create hot air stream and distribute the heat evenly through the cavity.

**Cavity with air canals:** Thanks to these canals/holes on the sides of the cavity a horizontal air stream is created.

### BENEFIT

#### Multiple dishes

*(it saves both time and energy, enabling to make up to 5 pizzas or 100 cupcakes, all at once. It is ideal for large family)*

#### Multi-dish cooking

*(4 of dish can be cooked at the same time, keeps the smell of the dishes separated)*

#### Optimum cooking results on every level of 5

*(Picking the right tray level will not be a problem anymore)*

**Saves time and energy (Tested by Intertek):**

Cooking at once helps **68% time saving** compared to cooking one by one,

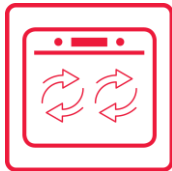

Cooking 4 different dishes (without odor mixing) at once helps **63% energy saving** compared to cooking one by one.

# Premium Technology

*AirCurtain*

## FUNCTIONALITY

When oven door is opened during cooking, it creates an air stream between control panel and oven bottom panel.

## BENEFIT

**Protects** the end user **from being exposed to hot air** when the oven door is opened.

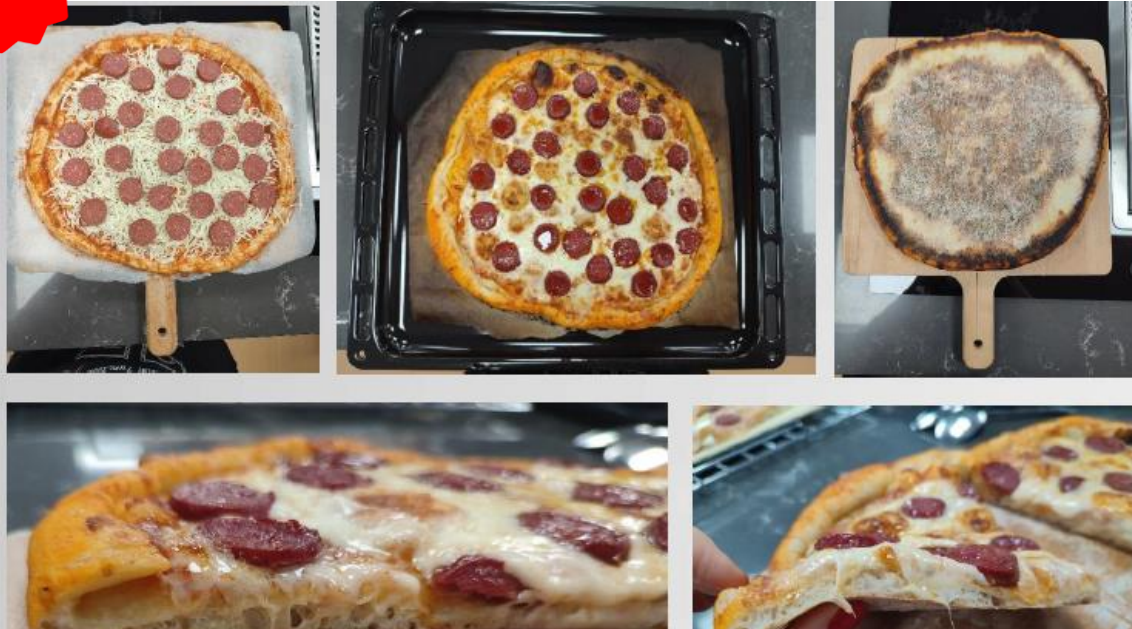

# Premium Technology

*Pizza Gourmet*

**NEW**

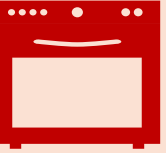

## Key Features:

- Available with 75lt. Standard and Pyrolytic BI ovens
- Preheating duration is more or less 30 minutes
- Pizza is ready at the end of 3 minutes @320°C, recommended function «Top+Bottom+Fan»
- Baking pizza gets easier with the help of the pizza stone and shovel

# BUILT-IN HOBS

*PREMIUM FEATURES  
TECHNOLOGIES  
LINE-UP*

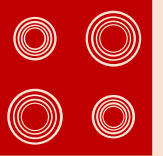

***PREMIUM FEATURES  
TECHNOLOGIES***

# Premium Features

Cook Bridge

**CookBridge:** The ultimate in versatility CookBridge provides flexibility for pans of all shapes and sizes. By simply combining two induction zones you can create an extra large zone for big pots and pans

Timer

**Timer:** When the hob is switched on, an independent timer (1 to 99 minutes) can be programmed for every cooking zone so that they switch off automatically. When the hob is switched off, you also have the possibility to set a minute minder

Stop&Go

**Stop&Go:** Freeze time when you need to. Our Stop&Go technology enables you to pause and take that all important call when cooking, then press again to continue

Auto Heat Control

**AutoHeat Control:** Simple yet effective, Sharp puts the most common cooking tasks at your fingertips, allowing you to boil, fry, melt chocolate and keep your food warm at the touch of a button

Frying

Fixes the cooking zone in frying temperature (160°C)

Keep Warm

Keeps the cooking zone in 50°C

Boiling

Fixes the cooking zone in boiling temperature (100°C)

Chocolate Melting

Keeps the cooking zone in 40°C

Induction Boost

**Induction Boost:** Maximum power in seconds for a speed-up heating and a cooking time reduction.

Slider Touch

**Slider Touch:** Intuitive sliding controls allow you to select the power level easily

# Premium Features

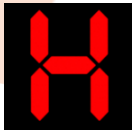

**Easy to Clean Surface:** The smooth glass ceramic surface is especially easy to clean

Easy to clean surface

Child Lock

**Child Lock:** Young minds are inquisitive but there's no need to worry with this safety feature that keeps wandering fingers at bay. When it is activated, no control can be changed.

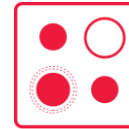

**Hot Surface Indicator:** After switching off the cooking zone, an "H" will be displayed until the assigned cooking zone temperature is in an uncritical level. It reminds you not to touch a hot cooking zone. You can also use the residual heat for defrosting or maintaining a dish warm.

Extended 2x Zone

**Extended 2x Zone:** This extendable cooking zone allows you flexibility to cook with pans of different size perfectly.

2x Zone

**2xZone:** Small to medium size variation, our 2xZone allows true flexibility when it comes to selecting the perfect size for your pans.

3x Zone

**3xZone:** Small to medium size variation, our 3xZone allows true flexibility when it comes to selecting the perfect size for your pans.
