FEATURES

Laundry Care Programs

Program	Program Details
Delicate	Delicate program is used for delicate blouses, silk textiles. By applying lower temperature, delicates are treated carefully.
Baby Care	Baby program is used for cotton baby laundries which need delicate care at low temperature.
Denim	Denim program is suitable for thick denim pants, skirts or jackets and can be used as half load.
Sport	Sports program is used for synthetic sport laundries like shorts, t-shirts at a low temperature.
Mix	Mix program is suitable for both cotton and synthetic laundries to make ready to wear.
Wool Refresh	Wool refresh helps wool textiles to remove excess water after washing by applying low temperature and gentle movements of drum.
Refresh	Refresh program can be used for removing bad odors like smoke and helps to refresh laundries by passing cold air inside the drum.
JetDry 29' (34 for Heat Pump)	JetDry 29' is suitable for drying 6-8 shirts in 29 minute and prepare for ironing.
Shirts 12' (20 for Heat Pump)	Shirts 12' is suitable for drying 2-3 shirts in 12 minute and prepare for ironing.

FEATURES

Laundry Care – Rapid Programs

Condenser Dryers

- Shirts 12'
- JetDry 29'

Heat Pump Dryers

- Shirts 20'
- JetDry 34'

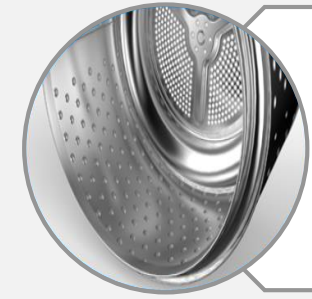

2 RAPID PROGRAMS IN THE SAME
TUMBLE DRYER

SHARP
Be Original.

FEATURES

Laundry Care & Less Wrinkle

Bubble Drum Design For
Gentle Drying

Special Designed Lifter For
Less Wrinkle

Special Algorithms For Uniform
Drying and Less Crease

Sharp tumble dryers are designed to have less wrinkled clothes.

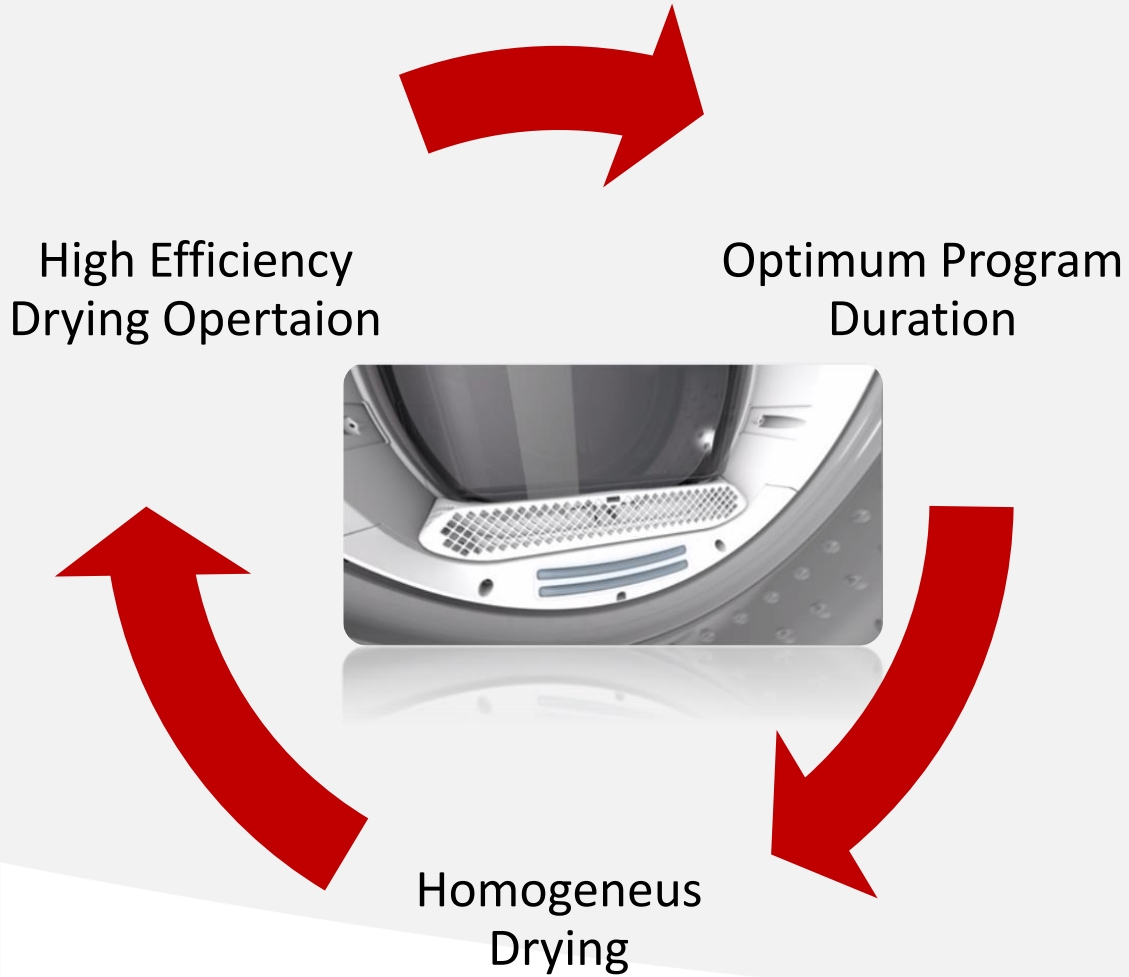

- **exclusive lifter design**
- **Bubble drum figure**
- **specially designed program algorithms and drum movements**

garments are dried gently and creasing is minimized.

FEATURES

Laundry Care – Humidity Sensor Technology

By the help of humidity sensor, the program duration can be adjusted automatically as sensing the dampness of the laundry.

FEATURES

Laundry Care - The Most Hygienic Condenser Tumble Dryer

- Special Alghoritm
- Optimum Temperature
- Special Drum Movements

FEATURES

Laundry Care - WoolMark

Woolmark approved wool program

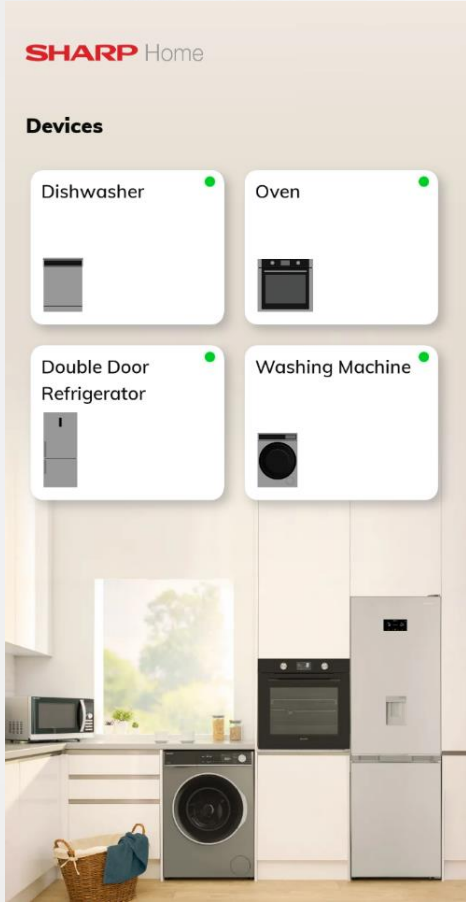

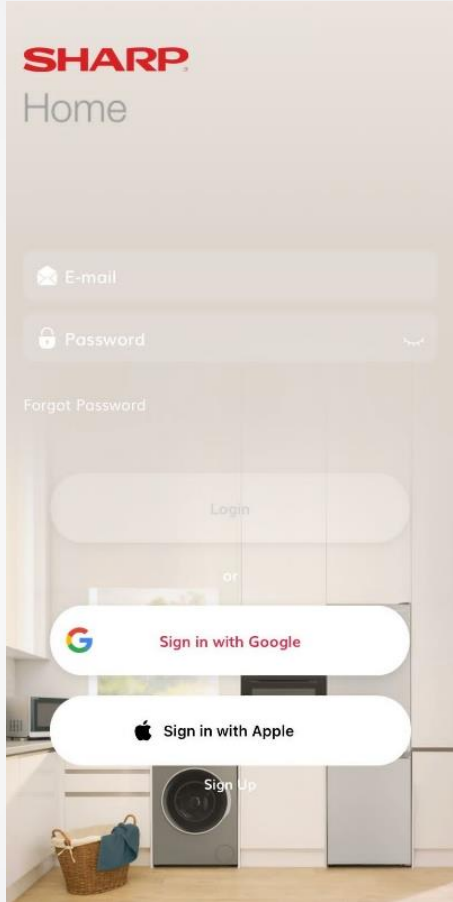

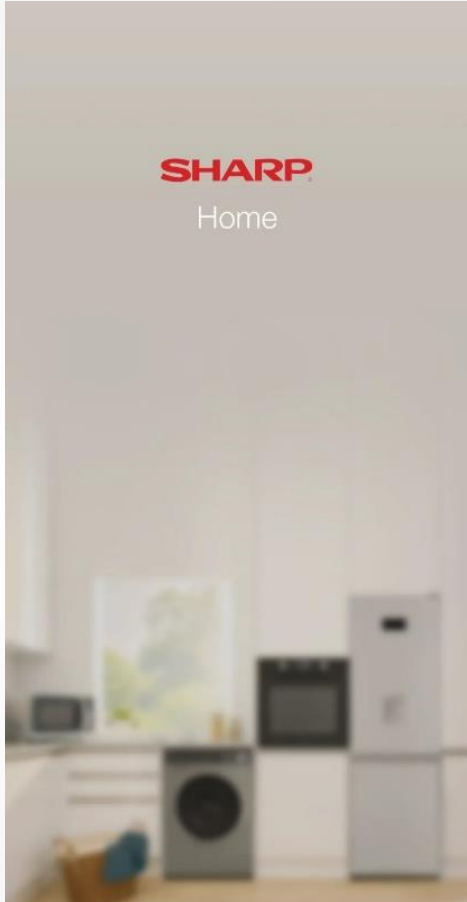

- Developed with a special algorithm and optimum temperature setting.
- Safe drying of machine-washable woolen clothes

**Available With A++ and A+++ Heat Pump Models*

SHARP Home App

FEATURES

Ergonomic Design – Reversible Door

SHARP
Be Original.

The reversible door is an option that makes the dryer and washing machine look compatible with each other when used as a pair. The end user has the opportunity to easily change the direction of the door.

T Series Knob & Jog Dial

MECHANICAL DESIGN

Big & Giant Door

Ø470mm Door Design.

Ø510 mm Door Design.

SAFETY

Sensors

Sensor switch can detect door opening and closing. It can pause machine when the door is opened

DOOR SWITCH SENSOR

It can detect the moisture level and decides to finish or continue to the drying cycle.

HUMIDITY SENSOR

It can detect the temperature level during the cycle to check if the cooling process is enough to finish the cycle.

DOOR NTC SENSOR

HEATER NTC SENSOR

Sensor can detect the temperature level during the cycle and stops the system if the temperature is overlimit in heater area.

HEATER THERMOSTAT SENSOR

Sensor can detect the temperature level during the cycle and stops the system if an abnormal conditions occurs and dependently the temperature is overlimit.

AQUA SENSOR

Sensor can detect the condensed water level during the cycle. If water level is over limit, it stops the system and gives warning to the user.

PUMP THERMAL SENSOR

Sensor can detect the temperature level during the cycle on the pump windings and stops the system if an abnormal condition occurs.

MOTOR THERMAL SENSOR

Sensor can detect the temperature level during the cycle on the motor windings and stops the system if an abnormal condition occurs.

Stacking Kit – Sharp Special Boxes

w/ Drawer Type

w/o Drawer Type

ACCESORIES– Drying & 3D Rack

DRYING RACK

3D RACK

ACCESORIES– Pearl Odor

Pearl Odor is an apparatus that makes the clothes smell better after drying.

It can be used for all dryers.

The air flows into the pearl-odor and goes through the laundries.
