Program your dishwasher so that it starts at a time that suits you.

Keep your children safe from accidentally using the microwave with the easy to set up Child Lock.

Space at home is often at a premium but these dishwashers are just 45cm wide and still take a total of 10 place settings.

Streamlined and efficient, the way technology should be.

For those times when you only have half a load but need it done the Eco Wash allows you to select either the top or bottom half of the machine to be cleaned.

When time is of the essence this program does the dishes in 50 minutes at 60°c.

Sharp machines like to keep you informed of everything that is going on within them with an easy-to-read set of displays.
